

Meet our camp directors!

Camp wouldn't be as awesome as it is without stellar staff! Our Girl Scout camp directors are hard-working, fun-loving individuals who strive to make sure that every girl has the time of her life at camp.

Treasa "Tree" Wheeler
Camp Natarzwi

Tree has been the director of Natarzwi since 2008, and is celebrating her 10th year this summer! She has worked for Girl Scouts of Maine for 14 years, including several years as a volunteer for her own daughters' troops and service unit. Girl Scouting is big part of her family; her three daughters all have a deep appreciation of the outdoors and wonderful memories as Natarzwi campers. She says Natarzwi is a place that becomes a part of you, and that being director is the best job you could ever have.

When not at Natarzwi, Tree enjoys spending time with family and friends, traveling to Texas, hiking and spending as much time as she can at the barn working on her riding skills. She has set a personal goal to ride in her first Dressage show in 2017.

Mary has worked at residential summer camps for eight years and is excited to be joining the Pondi family this summer.

Mary believes camp is a life-changing experience for girls and wants to continue to empower them to gain confidence and courage through new experiences. She is excited to share her knowledge and experience with the Pondi campers and help create lasting memories.

When not at camp, Mary enjoys hiking and backpacking through the mountains in the northeast. She also loves dogs, swimming and drinking tea!

Mary "Meebz" Boyle
Camp Pondicherry

Penny is returning as the Camp Scelkit director this summer. She is a long-time volunteer and staff member for Girl Scouts of Maine, and has held various roles at our camps over many summers. She loves sharing the Girl Scout mission of building girls with courage, confidence, and character with our campers, as she did with her own daughters. Penny is a Registered Maine Guide and is a professional in the outdoor education field.

Penny "Rev" White
Camp Scelkit
