

PROGRAM TRANSITION SCHEDULE FOR LEADERS

In September 2011, Girl Scouts will welcome a new resource, The Girl's Guide to Girl Scouting. Each level of Girl Scouts will have their own Guide, containing updates of beloved traditions to include handbook, badges and cookie program information. Used in conjunction with the Journey books, the complete program will explore leadership and skill building.

With new resources available, some current programming is being retired. The staff of the Girl Scouts of Maine council shops are working toward making the transition to the new program materials as easy as possible for our volunteers and girls. Our goal is to meet customer demand, but avoid excessive overstock as items are retired. Below is the timeline that we will follow:

Effective Immediately

The following items may not be returned to the shop for refund (*see attached complete list*):

- Daisy Leader Guide
- Daisy Activity Book
- Brownie Leader's Guide
- Brownie Handbook and Try-It Book
- Junior Leader's Guide
- Junior Handbook and Badge Book
- Cadette Handbook, Senior Resource Book and Interest Project Book
- Miscellaneous awards and fun patches
- All Studio 2B Focus Books, Inserts & related charms & Interest Project Awards

If you are planning on working with these resources this year, but prefer not to purchase a copy with troop funds, you are encouraged to network within Neighborhoods to borrow books among troops.

Effective January 20, 2011

The following items may not be returned to the shop for refund (*see attached complete list*):

- Brownie Try-Its
- Junior Badges
- Interest Project Awards

Purchasing Current Resources/Awards

The shops are keeping inventory on hand, based on previous year's sales for the same time period. Please note the following timeline for purchasing troop needs:

- PLAN AHEAD – purchase needed recognition by the end of March 2011
- APRIL 2011 – council shops will allow recognition stock to decrease
- APRIL-JUNE 2011 - timeframe when the shops may have zero inventory remaining on some items, causing items to be back-ordered and only available if our supplier has inventory on hand.

Please contact shop staff if you have questions during this transition period.
