Girl Scouts of Maine (GSME) may modify this guidance, from time to time as circumstances change. If State of Maine Guidelines are updated and are stricter than those outlined in this document, the State of Maine Guidelines are to be followed. Individual communities in Maine may establish stricter requirements. If that is the case in your community, you must adapt these guidelines to meet those requirements. For example if your county is using the green/yellow/red system and it is moved to yellow or red, in person activities are suspended.
