

# Get Ready for an Electrifying Adventure with CMP– Girl Scouts Unplugged!

April 16, 2024 | 10:00 a.m. - 3:00 p.m.

Cadettes, Seniors, and Ambassadors, seize the opportunity for a day of connection, creativity, and inspiration. Design solutions for wildlife conservation, scale new heights, unravel the mysteries of engineering, and collaborate to problem-solve challenges unique to Maine!

Immerse yourself in hands-on activities that will ignite your curiosity and passion at this exclusive event\* at the Central Maine Power campus in Augusta/Farmingdale.

- **Up in a Bucket Truck:** Reach new heights and experience the thrill of ascending in a bucket truck while discovering dynamic career possibilities.
  - **Vegetation and Habitation Management:** Unleash your environmental stewardship as you explore strategies for sustainable practices.
  - **Engineering Exploration:** Uncover the secrets of engineering and unlock your potential to shape the future.
  - **Dispatch/Grid Management:** Dive into the heart of power distribution and grid management.
- \*Event participation is free of charge.*

Limited spots available by lottery. Act fast to be part of this experience! Enter the lottery by March 1st. Each attendee will receive an exclusive, limited-edition patch.

*Don't miss out! Ignite your passion, forge new connections, and leave with memories that spark a lifetime of inspiration.*
